Camp Restore

Where we will be staying and serving the New Orleans area

Our Mission

Our mission is to restore faith, home and community in the Name of Jesus.

We work to achieve this by providing housing, meals and service project coordination to thousands of volunteer and mission trip groups from across the country and beyond as they serve with us and our partner nonprofits in New Orleans, Louisiana.

Restoring Faith

A funny thing happens when we love our neighbors: we're often equally blessed back! We've seen some amazing things result from people putting their faith into practice.

Restoring Home

We continue the work of restoring family homes damaged by Hurricanes Katrina and Rita. We've made tremendous progress so far and the vast majority of New Orleans is now restored, but the sheer scope of the initial devastation means that there are still several thousand homes to go. The families we are working with today have been on the long road to recovery since 2005 but are still determined to return home.

Restoring Community

Home is not just a building, but also extends to the fabric of the community and the environment surrounding it. This is why we've partnered with over 80 other nonprofits, churches and schools in the Greater New Orleans area who are all working in different ways to serve others.

It's not just limited to the New Orleans area, either. Volunteers and locals alike learn more about one another and the diverse backgrounds they represent, as well as gaining experience in different types of service work. Many have applied their restoration skills in other disaster areas. Many friendships and bonds formed while at Camp Restore have continued to grow and develop in the years since.

Tangled Blue Event Musicians

Tangled Blue began in the winter of 1995 when the duo first met, but they didn't realize it until five years later. In the summer of 2000, Aimée (vocals, percussion) and Joel (vocals, guitar) performed together for the first time. In September of 2001 Aimée and Joel were married and would soon start performing together as Tangled Blue. Their first recording was completed in early 2003. Recorded at a farm house in Menomonie, Wisconsin, it is a caffeinated folk-rock blend of songs that have shown their durability as the duo traveled with them over 500,000 miles of U.S. highways. In 2005 Aimée and Joel relocated to Texas and in early 2007 left for an extended tour that has taken them from Texas to Hawaii to Florida to the Dakotas and everywhere in between. With a new residence in Minneapolis Minnesota, Tangled Blue completed a recording based on the season of Advent in 2008 and a Christmas recording in 2011.
