RE: Travel Equalization for District Convention

Please find enclosed the Travel Equalization Voucher for the Southern District Convention held June 4 and 5 in Selma, AL. Please fill out the name and address of your congregation and indicate the number of delegates that attended from your church.

Please sign the voucher and return it to us. When we have received your completed form we will calculate the amount due to the congregation and send a check to your attention.

Please remember that it is the responsibility of the congregation to pay the expenses of their congregational delegates. The travel equalization is simply to equalize the travel costs of congregations traveling a greater distance with those that are located closer to the convention site.

If you have any questions about travel equalization or if we can assist in any way please contact
