

CELEBRATE THE 500TH ANNIVERSARY OF REFORMATION

500 Reformation Anniversary 2017 - Praying It Forward

It's been 500 years since the Reformation. "A Journey of Discovery."

This letter is in reference to my previous conversation with you regarding this unique event. I am asking all Church Congregations to join in commemorating this wonderful moment in history and by rediscovering the Gospel that was discovered in the Reformation 500 years ago. I pray that this historical event will encourage our continued fellowship with one another as Christians.

I am asking to partnership with all specific groups within your congregation whether, circuit, elementary or high school. This event will include elements of networking fellowship, Mercy Grace and Salvation. We will reach out to cultural communities sharing the Saving Grace of Jesus Christ. We pray that this event will reflect Christ love and Passion for us.

In recognition of the 500 Anniversary of the Reformation I pray that this will make a difference for our communities.

I look forward to fellowshiping and partnering with all of you for this 500 Anniversary/Bicentennial of Alabama. "Bringing Christ to the Nation."

In Christ's service,
