

The Evangelism and Education Committees at St. Paul Lutheran Church will host a Friends and Family Fall Sunday School Rally Weekend on **September 17th -18th**. The rally is being held to invite and encourage students (and their families) in the surrounding area who want to study the word of GOD on Sunday morning, to come to St. Paul that weekend and register to spend each Sunday morning studying the Word of God with the willing teachers at St. Paul Lutheran Church. On **Saturday, September 17th**, a devotional service will be held in an effort to bless the children of the community as they begin a new school year, and to encourage and invite those in attendance to come to the church to study God's word by registering to join the Sunday School classes offered at the church. A local high-school choir will participate in the event, and a movie matinee will take place along with the serving of refreshments to all attendees.

Because statistics show that teachers spend approximately \$500.00 out of their own pockets annually for school supplies for needy students, the church has already begun a school supply drive for the benevolent fund of the K-8 school in the community and will be collecting supplies at the church during each church service and at this event as well to be presented to the Principal on **Sunday, September 18<sup>th</sup>**.

**Door to door promotional pieces are needed to use to promote the event, and letters, and flyers have already been prepared for distribution throughout the community as well.**

**The need is immediate, as our goal is to distribute advertisements up until the week of the event.**
